# LOCKERS

Assurance, confidence and reliability make the Spartan Locker® a perfect choice. The Spartan Locker® by USA Standard Gear is a mechanical locker that replaces the spiders in a standard case. The Locker's design excludes thrust washers & offers a revolutionary spring & pin design making installation a snap!

# BEARING KITS

USA Standard Master Overhaul kits let you finish your install with confidence. These complete kits use Koyo bearings and races. Included are all differential bearings & races, seals & high quality small parts. Bearing installation kits and pinion installation kits are also available.
